

Select a watch band type and place your band over the correct template. Choose the length that fits your band the closest.

For leather or rubber bands measure from the middle hole to the pin end and add it to the watch measurement from pin to pin. This will equal your wrist size

- 30mm 1 3/16in
- 28mm 1 1/8in
- 26mm 1in
- 24mm 15/16in
- 22mm 7/8in
- 20mm 25/32in
- 18mm 11/16in
- 16mm 5/8in
- 14mm 9/16in
- 12mm 15/32in
- 10 3/8in
- 8 5/16in

To measure the lug end width, fit one of the bars above between the lug ends of your watch. If you a leather strap that is between the displayed sizes, select the next highest width.
